ICO announce new Clinical Fellowship in Ophthalmology sponsored by Bayer

The ICO is delighted to announce that Bayer Pharmaceuticals are to sponsor a Clinical Fellowship.

The following are the eligibility criteria for application:

1. The proposed fellowship must be a high quality learning opportunity
2. The applicant must have been accepted for the fellowship
3. There must be minimal or no funding attached to the fellowship
4. The competition is open to both eye doctors in training and those in practice in the Irish health service.

To apply the applicant must forward:

1. Letter of application detailing the fellowship opportunity and the benefit to the individual and ultimately the Irish health service
2. Applicant CV
3. Letter of support from Fellowship Programme Director including information on what the post entails, weekly timetable and any funding associated with the post.

Closing Date for Receipt of Entries - Tuesday 31st May, 2016

A Four Person panel will decide the recipient, based on the applicants' CV, the future needs of the Irish Health Service and an interview
