

FRIDAY

	ROOM 1 	ROOM 2	ROOM 3	ROOM 4	ROOM 5	ROOM 6	ROOM 7	ROOM 8	ROOM 9	ROOM 10 	ROOM 11	HALL D'EXPO.
	RETINA / MACULA SYMPOSIUM	RETINA	GLAUCOMA	SYMPOSIUM	PROFESSIONAL BUSINESS	REFRACTIVE SURGERY	APPENDAGES OF THE EYE	AESTHETICS PRODUCT ANALYSIS	NEURO-OPHTHALMOLOGY	WORKSHOPS	UVEITIS	VIDEO PAPERS
8.30	s1 OCT Angiography: practical clinic	s8 10 key indications and methods of vitreoretinal surgery	s15 Glaucoma microsurgery in 2017	s22 SYMPOSIUM	s29 Understand and use CCAM: pitfalls and tricks	s36 Smile and Relex, evolution, revolution, alternative?	s43 Mistakes to avoid when dealing with cornea-conjunctival tumors	s50 Tear ducts: update on anterior and endonasal approaches	s57 Diplopia made simple: what to do	s64 Wet AMD current practice an update	s71 Macular edema and uveitis	
9.25	s2 OCT: therapeutic monitoring optimization	s9 Vitrectomy: the extension of the indications	s16 Glaucoma imaging	s23 SYMPOSIUM	s30 Work and collaborative consultation	s37 The second treatment after refractive laser	s44 Pigmented lesions: when to worry	s51 Aesthetic fillers injections: complications	s58 Optical neuropathies: questions and answers	s65 Workshop: Retina	s72 Developments in uveitis: what you need to know	
10.15 11	s3 10 therapeutic mistakes in macular pathology	s10 Retina detachments: therapeutic content	s17 Glaucoma and cataract: marriage or divorce	s24 SYMPOSIUM	s31 Self-employed, employee, substitutes, temporary expatriation	s38 Phakic implants: ICL by KO?	s45 The ABCs of non-neurological orbital pathologies	s52 Video session: Fronto orbital aesthetic surgery - clinical cases	s59 Field of vision in neuro-ophthalmology: complex cases and simple ideas	s66 Steroids vs anti-VEGF therapy for retinal indications	s73 Scleritis, episcleritis and red eye inflammation: from diagnosis to treatment	
11.55	s4 SYMPOSIUM RETINA	s11 What you need to know about pathologic myopia	s18 Lasers and glaucoma: questions and answers	s25 SYMPOSIUM	s32 Solutions to lower financial returns	s39 Toric and multifocal implants: choice, calculations, concepts of implementation	s46 Ocular surface: allergy? dryness? irritation? defect X?	s53 Video session: Midface and orbital aesthetic surgery - clinical cases	s60 Illustrated principles of infantile neuro-ophthalmology	s67 Workshop: Glaucoma	s74 Mistakes to avoid in uveal disease	
12.45 14	s5 SYMPOSIUM RETINA	s12 Retina vascular occlusion: what's up	s19 From ocular hypertension to glaucoma	s26 SYMPOSIUM	s33 Installation and development of office-based contact lense consulting	s40 Video session: new corneal transplants, technics, indications and visualizations	s47 Dealing with senile ectropion and entropion	s54 Aesthetic botulinum toxins: How would you execute?	s61 Papilledema: what would you have done	s68 Workshop: Cataract	s75 Infectious uveitis: Resurgence	
14.55	s6 Multiple choice questions: test your medical retina	s13 Angioid striations: updates	s20 How to better treat glaucoma in 2017	s27 SYMPOSIUM	s34 Prepare your retirement well and in time	s41 Biometrics rendered simples and useful	s48 The ophthalmologist and Basedow-Graves disease	s55 Product analysis: OCT	s62 The ABCs of orbit neurological pathologies	s69 Workshop: Diagnostic pitfalls in neuro-ophthalmology	s76 Did you say dry eyes?	
15.45 16.30	s7 Management of refractory neovessels	s14 Video session: from the vitreous to the retina - illustrated point of view	s21 Refractory glaucoma	s28 SYMPOSIUM	s35 Handling appointments and managing your online activities	s42 Now in CCAM: intra corneal rings, learn to choose and place them	s49 New paradigms in surface pathology	s56 Product analysis: intravitreal injections	s63 Neuro-ophthalmology: TBA	s70 Workshop: CXL	s77 Multiple choice questions: a thousand questions about uveitis	
17.20	s155 Discussion of 12 AMD clinical case studies	s156 Multiple choice questions: test your knowledge, interactive presentation on diabetic retinopathy	s157 Multiple choice questions: pitfalls and mistakes in care strategies for glaucoma	s158 Multiple choice questions: how to choose and understand OCT	s159 How to increase your activity in refractive surgery	s160 Multiple choice questions: corneal pathologies, interactive slideshow	s161 Multiple choice questions: the external eye	s162 SPFFPL's update and micro-holding heritage company	s163 Multiple choice questions: 12 neuro-ophthalmology clinical cases to test your practice	s164 Workshop: Surgery of corneal lamellar graft	s165 Multiple choice questions: TBA	
18.15												
18.30												

SATURDAY

	ROOM 1 	ROOM 2	ROOM 3	ROOM 4	ROOM 5	ROOM 6	ROOM 7	ROOM 8	ROOM 9	ROOM 10	ROOM 11	HALL D'EXPO.
	INTERNATIONAL PERSPECTIVES	RETINA	GLAUCOMA	CONTACTOLOGY	PROFESSIONAL BUSINESS	REFRACTIVE SURGERY	OPHTHALMO PEDIATRY	REFRACTIVE SURGERY PROFESSIONAL BUSINESS	MISCELLANEOUS	ORTHOPTISTS	SYMPOSIUM	VIDEO PAPERS
8.30	s78 Uveitis	s85 Retinal dystrophies	s92 OCT and the visual field, inseparable in relation to glaucoma	s99 Toric lenses for the presbyopic patient	s106 Forum ESSEC: staff management	s113 Refinements to know in corneal topography	s120 Should you be afraid to operate on an adult strabismus?	s127 Complications of refractive lasers	s134 Confronting vitreoretinal surgical indications	s141 Orthoptic care for dyslexia	s148 SYMPOSIUM Learning workshop (ALCON)	
9.25	s79 Changing the surgical treatment paradigm through a new class of methods	s86 Visual aid surgery	s93 Video session: freeze-frame of glaucoma surgery	s100 Changing brands, materials and models: concepts and methods	s107 Surgical training in refractive surgery	s114 The 3 lamellar grafts: indications, methods, results	s121 Acquired esotropia	s128 Video session: tips and tricks for interior segment surgery	s135 What to do with choroidal tumors?	s142 Video of oculomotor disturbance: «my 2016's replay»	s149 SYMPOSIUM Learning workshop (ALCON)	
10.15 11	s80 Keratoconus in 2017	s87 Diabetic macular edema: what's new	s94 Facing inflammatory glaucoma	s101 New contact lenses and keratoconus	s108 Management of online reputation and social networks	s115 CCAM today: cross linking in 2017	s122 Emergency in pediatric-ophthalmology	s129 Video session: difficult cataract operations	s136 ANJO	s143 Visual fields for glaucoma: monitoring the screenings	s150 SYMPOSIUM Learning workshop (ALCON)	
11.55	s81 Cataract and corneal surface surgery	s88 Intravitreal injections: a review of indications and products	s95 Diagnostic and therapeutic clinical case studies in glaucoma	s102 Contact lenses for children and adolescents	s109 Instructive cases in civil liability	s116 Trial: Presbymatch	s123 Pitfalls and tricks in strabology	s130 Facing capsular ruptures		s144 360 degrees prism, action/reaction	s151 SYMPOSIUM Learning workshop (ALCON)	
12.45 14	s82 Modern treatment of glaucoma	s89 Angio/OCT: what could be better?	s96 Ocular surface and anti-glaucoma treatments: conflict and solution	s103 Orthokeratology: focus on 2017	s110 Pitfalls of medical records	s117 Trial: Femto-phaco match	s124 When to intervene on vitreous: the retina before 20 years old	s131 Tips, tricks and pitfalls in ocular ultrasound	s138 Evisceration, enucleation, cavity surgery: indications, complications, monitoring	s145 OCT imaging of maculopathies	s152 SYMPOSIUM	
14.55	s83 Pediatric ophthalmology	s90 Surgical macula	s97 Pain and neuronal death, investigation contributions and diagnostics	s104 Getting started in contact lenses: soft and flexible	s111 Electrophysiology for dummies	s118 Refractive lasers	s125 Toxoplasmosis	s132 Irvine Gass syndrome: what's new?	s139 Video panorama of the key points of cataract surgery	s146 My private orthoptist practice	s153 SYMPOSIUM	
15.45	s84 «Imaging»	s91 What remains for retinal lasers? How to use them?	s98 Best of Glaucoma	s105 Scleral lenses	s112 Recommendation for monitoring antimalarials	s119 What gestures to do and not to do in refractive surgery	s126 Multiple choice questions: what would you have done with children?	s133 Invest on time	s140 Enlightened conduct when dealing with corneal ulcerations	s147 Aberrometry & vision quality: from optical to refractive surgery	s154 SYMPOSIUM	
16.35
